Walter is a very sweet 2 year old Shepherd mix who absolutely adores people and loves other dogs and cats! He is very laid back and does not jump or bark. He just needs a foster or a loving home that he can spend the rest of his life in.

Walter is currently located at Animal Control in West Virginia. He is **scheduled to be euthanized on Saturday, November 14th** unless he finds a foster or family before then. If he finds a foster or family, he will be transported to PAWS Rescue of Northern Virginia on Saturday. **PAWS will provide / pay for: medical expenses, food, crate, collar, and leash**

To foster Walter, you will need to **fill out an application** (download from: <http://www.k9pac.org/docs/PAWSFosterApplication.doc>) and complete the follow-up phone interview and home inspection. Fosters must also be willing to take Walter to 2 adoption events per month, which are held on Saturdays at the Petsmart at Potomac Run Plaza in Sterling, VA.

We appreciate your help with this urgent situation!
